Comprehensive Needs Assessment (CNA)

Comprehensive Needs Assessment Process:

The D.A.C. (District Advisory Committee) meets at least 4 times a year to discuss ongoing issues and identify district needs. The faculty at Milford has open avenues to the committee members and bring their ideas and needs to them. The members then bring the information to our committee meeting. Also, Milford being a small district, the faculty can bring ideas to the Superintendent directly.

Needs Assessment Summary

Milford ISD received a State Accountability Rating of Met Standard from TEA in 2018. The Met Standard Rating requires that the district met the performance target scores in three domains: Student Achievement, Student Progress (Academic Growth and Relative Performance), and Closing Performance Gaps.

Milford ISD received Distinction Designation for Academic Achievement in ELA/Reading.

Student Strengths and Needs:

Reading/ELA: 68% of All Students met or exceeded the Approaches Grade Level standard on the STAAR Reading/English tests. Percentages for other subgroups ranged from 79% for students of Two or More Races to 63% for Economically Disadvantaged students.

Math: 68% of All Students met or exceeded the Approaches Grade Level standard on the STAAR Math tests. Percentages for other subgroups ranged from 70% for White students to 61% for Two Economically Disadvantaged students.

Writing: Students in grades 4 and 7 took the STAAR Writing test. Due to small numbers, the results are masked to protect student confidentiality.

Science: Students in grades 5, 8 - 12 took the STAAR Science test. Due to small numbers, the results are masked to protect student confidentiality.

Social Studies: Students in grades 8 - 12 took the STAAR Social Studies test. Due to small numbers, the results are masked to protect student confidentiality.

Interventions:

Milford ISD has several programs in place to address identified needs. Students who need additional support or have difficulty passing the STAAR tests will qualify to receive additional assistance through the following programs:

- * Prekindergarten Program for eligible students
- * Supplemental Pullout Classes in Reading and Math for grades K – 6
- * Tutorials during and after school for grades K – 12
- * Individualized Instructional Aides for grades K, 2
- * Supplemental STAAR Services for grades 3 - 12
- * An optional Summer School Program for all grade levels and for students who have failed a STAAR EOC Exam
- * Counseling Services for at-risk students in grades 3 - 12
- * English Learners are supported by the ESL Program

Faculty and Staff:

Professional development is encouraged for the staff, particularly focusing on areas where students are low performing. Local and supplemental funds provide opportunities for travel to conferences, as well as stipends for attendance outside of duty hours and retention incentives in high need areas such as Math and Science.

Attendance:

Attendance rates slightly increased from 96.3% in 2015-2016 to 96.8% in 2016-2017. The District has several activities and incentives in place that are designed to increase student attendance. These include attendance incentives, parent notifications, and counseling services.

Dropout Rate:

The dropout rates for seventh through twelve grade remained at 0% in 2016-2017. Several programs, including parental involvement activities and counseling programs, are in place to maintain a dropout rate of 0% for all students and all student groups.

The majority of the programs proved to be successful in meeting the needs of those students in the Milford ISD at risk of dropping out of school. Those that were not will be modified in the 2018-2019 school year. If modifications do not improve a program's success rate, it will be discontinued.

Milford ISD is pleased with the overall success rate of the supplemental programs for students at risk of dropping out of school. Due to the small number of student test scores, some of these results are statistically unsound; but they do provide a general baseline measurement to gauge success.

Milford ISD will continue to offer supplemental programs next year because the district believes strategies such as one-on-one tutoring, reading and math programs, STAAR testing support programs, and summer school help increase academic achievement among students who are at risk of dropping out of school. Milford ISD will monitor and modify supplemental instructional programs as needed to ensure higher success rates in the 2018-2019 school year.
